

Doug Unplugged

Class: _____ No.: _____

Name: _____ Date: _____

Discuss the following questions.

With our TV, phone or computer, we get to see tens of thousands of news every day. How do you tell if a piece of news is true or not?

During-reading Watch the video and then answer the following questions.

1. What do Doug's parents do for Doug every morning?

Ans.: _____

- (A) Feed him lots of healthy food.
- (B) Take him to lots of cities.
- (C) Fill him up with lots of facts.
- (D) Give him lots of money.

2. Which WASN'T one of the things Doug learned at home?

Ans.: _____

- (A) How many floors there are in the tallest building in the city.
- (B) How much trash each person in the city throws every day.
- (C) The number of people who are living in the city.
- (D) Why the taxis in the city are called "yellow cabs."

3. What did Doug find out more about the city after he unplugged? Circle the correct answers.

- (1) If he got close to a flock of pigeons, they scattered / made a funny cooing sound.
- (2) The sidewalks in the city are wide / crowded.
- (3) On the top of a skyscraper, he was excited about the fresh air / great view there.
- (4) Manholes are dark / smelly, and you can stop a taxi by clapping / raising your hand.

4. Discuss the following questions with your classmates.

(1) Doug had downloaded and learned much knowledge at home, but what was the thing that he had never learned until he met a friend in the park?

(2) Name three things Doug and his friend did together in the park.

(3) How did Doug help his friend find his parents?

(4) How did Doug show his parents that he loved them?

After-reading Learning outside a book.

As a student, you have learned knowledge about languages, math, science, history and much more! Some facts may sound boring to you, but some may make you want to know more. Pick a fact that you find interesting from a book. Search *wisely* on the Internet and find out more fun information about it. When you are done with the research, share your findings with your classmates!

An interesting fact in a book	More information I found on the Internet
Example: There are fewer and fewer Formosan black bear in Taiwan.	1. There is a “V” mark on its front body. 2. A mother bear can have 1 to 3 babies at a time.
	1. 2. 3.

 Surfing on the Internet may be the fastest way to learn more about the fact you picked above. If you have enough time and money, are there any other ways for you to “experience” it or see for yourself? Write down your crazy plans!
